## THE RHONDA JEANNE HOUSE

The Rhonda Jeanne House in Ormond Beach, Florida, is a special place dedicated to the memory and legacy of Pastor Rhonda Spencer. This house is a tribute to Pastor Rhonda's passion for supporting and uplifting Pastor's wives, recognizing the challenges they often face in the ministry.

Pastor Rhonda, through personal experiences and ministry involvement, understood that Pastor's wives are frequently overlooked and face unique struggles. In response to this, she founded "Empowering Pastors Wives" to provide skills and encouragement, aiming to build, strengthen, and uphold these courageous women in ministry.

Years ago, Pastor Rhonda shared a vision given to her by the Lord – to establish a place near the beach for Pastor's wives (and husbands) to find rest. Although several attempts were made in the Daytona Beach area, none came to fruition during her lifetime. After Pastor Rhonda's passing, her vision did not fade away. Her husband, Micheal, felt compelled to fulfill her dream and purchased the Rhonda Jeanne House as a testament to Pastor Rhonda's belief that Pastor's wives deserve to feel special, important, cared for, honored, and loved.

The Rhonda Jeanne House stands as a physical manifestation of Pastor Rhonda's vision. Through the generous contributions of \$250,000.00 raised within a year, this home was acquired to serve as a haven for Pastor's wives. As a guest at the Rhonda Jeanne House, you are invited to enjoy, refresh, rest, pray, read the Word, and most importantly, to know that you are loved and appreciated.

Though Pastor Rhonda may not be physically present, her heart's passion is spoken through the walls of this house. It is a place where the legacy of Rhonda Spencer continues, reminding Pastor's wives that they are special and valued in the eyes of those who recognize and honor their important role in the ministry. You can also find a stack of her books in the living room or locate her YouTube: Rhonda Jeanne House for all of her live videos with an extensive list of topics to encourage pastor's wives. We love you and believe in you!

## RHONDA SPENCER STORY

Born in Florida, Rhonda had streaming through her blood, the BEACH! It was her solace place, her place of peace. She always said when we got off the plane, "Can you feel the Florida hug?", Her family moved to Lindley NY onto a property that had 2 single wide trailers stuck together. She shared a bedroom with her sister that only could hold a bunk bed. Her upbringing was anything but wealthy. She had no idea being brought up in this environment that one day she would be preaching all over the United States and in Africa before her life would be complete. Rhonda experienced challenging times as she was sexually abused from the age of 4-11 by her father, and was abused by two other men in her childhood. Many individuals who have gone through such tragedy never seem to forgive or are the constant walking wounded, but Rhonda decided that these events would not destroy her and that she would forgive them. Rhonda married Micheal in 1990 and they began their first ministry together as Sr. Pastors in Newfield, NY. In the 5 years of raising up a church, Rhonda and Micheal had 3 beautiful children. In 1995 Micheal and Rhonda jumped out on nothing to land on something as they went full-time as evangelists, Jesus blessed them immediately and the blessings started chasing them down. After 3 years full-time Rhonda and Micheal launched His Tabernacle Family Church in Horseheads NY with 5 people. Starting in the Holiday Inn, Rhonda was the children's minister. What a gift, a pied-piper with children. She did not do daycare for Sunday School but started raising up children of faith and power. The church grew quickly. As it grew Rhonda was still the children's pastor and had about 100 weekly, and then she began to blossom. She began ministering to the ladies, and God started changing lives. She carried such a powerful presence and anointing. Through more growth in the church and finally buying their own building for the church, one day the Spirit of God spoke to her husband. He said it was time for Rhonda to pass the baton of children to another pastor. This at first did not go over very well, but as she started realizing that Jesus had more lives and a great impact to make she yielded to the Lord. One day Micheal looked at her and told her it was time to write a book. Her answer was, "No".....lol! As the Holy Spirit was prompting her heart she started writing, No More Hurt, and it just exploded. She started receiving invitations to speak and her book was selling so quickly as churches were using them as small groups and having No More Hurt Conferences. Calls started coming in and she started going out. All over the USA, and then the calls came from South Africa.

# ABOUT

## RHONDA SPENCER STORY

Rhonda's passion for Pastor's wives started intensifying and the burden was overwhelming at times. She would weep for them as they would call and explain their loneliness, and hurt from the wounds of the congregation. Jesus told her to begin, Empowering Pastor's Wives as an outreach to share the love and to make sure that Pastor's wives knew they were cared for. She held weekly Zoom meetings with wives and women pastors. She sowed her love and care into each one that reached out and Jesus used her to strengthen and build the ladies. One day after some testing Rhonda received a call that she was diagnosed with colon cancer.

She said, "Jesus will heal me", and after more testing, diagnostics, and doctor visits, we returned and the doctor (unbeliever, very unbeliever) told her the cancer was not there and he had no explanation for it. A true miracle, and she wrote, God Cannot Lie to share her testimony. It went all over the world, such a powerful book. Three years later as she was traveling and building up the body of Christ she returned for some more tests. The doctors came back with another diagnosis of colon cancer, and that she only had 2 weeks to live. Not the same cancer, and not the same location. Rhonda stood in faith and was unrelenting in her declarations and trust in God. After getting stuck in the medical cog and decisions made by doctors beyond her choice she stood strong and unmovable in her faith. The medical world was relentless and sadly unmerciful with medical manipulation. Nobody would have known the struggles she encountered. Always with a smile and a praise to share. Two weeks before she went home to see Jesus she was texting Pastor's wives to encourage and speak life into them. Her theme was, "Get up, Dress up, Show up, and never Give up". She lived it, she fulfilled her call, and she finished her race. She completed her last book, Going Through The Fire, as she was going through the fire.
